

# What Are Your Conclusions?

Assuming Covid restrictions permit by October, we will host a concluding live event with guest speakers and a scrumptious dinner that closes the series. It will be an opportunity to get to know one another, invite guests, and discuss Club plans for the remainder of the year and thoughts for the 2022 series. We will also announce small discussion groups that will be held in homes for the remainder of 2021.

As a member of the Club, you are enrolled in the Q&A Forum which gives you access to ask questions, receive answers, and start probing conversations with Club participants. *Please [Join the Club](#) to participate in all the activities.*
